

# A Relationship That Inspires

## Registration Page

The online registration process has been converted to a live process where you must be in contact with Tom at Street Smart Counselling's office to register.

This has been done so that participants are fully informed as to what kind of education they are getting in to, what their needs are, and to make sure their needs are getting met right this moment.

Most of these participants will be registering for this course while attending the previous programming. If you are registering directly off this website then there are some details you need to sort out with Tom.

Please contact him by following the below instructions.

**Copy the next 3 questions** and paste them into an email and answer the questions accordingly.

1. Name of seminar you are registering for.
2. Date and location of seminar you are registering for.
3. Do you have a seminar partner to attend with?
4. Your first and last names.
5. A phone number you wish to be called at.
6. Your desired email address.
7. Have you paid already?
8. Your questions or comments.
